

Neb::App::BaseFactory

```
classDiagram
    class NebAppBaseFactory["Neb::App::BaseFactory"]
    class NebAppBase["Neb::App::Base"]
    NebAppBase --|> NebAppBaseFactory
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'Neb::App::BaseFactory' with a light gray background. Below it is a box labeled 'Neb::App::Base' with a white background. A blue arrow points from the 'Neb::App::Base' box up to the 'Neb::App::BaseFactory' box, indicating that 'Neb::App::Base' inherits from 'Neb::App::BaseFactory'.

Neb::App::Base
