

Neb::Typed

```
classDiagram
    class NebTyped[Neb::Typed]
    class NebMessageActorBase[Neb::Message::Actor::Base]
    NebMessageActorBase --|> NebTyped
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'Neb::Message::Actor::Base'. A blue arrow points vertically upwards from this box to a white box labeled 'Neb::Typed' at the top. This indicates that 'Neb::Message::Actor::Base' inherits from 'Neb::Typed'.

Neb::Message::Actor::Base
